

MARINE HEAVY HELICOPTER SQUADRON 366
UNIT, PERSONAL FAMILY READINESS PROGRAM POLICY LETTER

Marines, Sailors, and Family Members,

First and foremost I would like to thank you for your commitment to the Hammerheads of Marine Heavy Helicopter Squadron 366 (HMH-366).

Our mission is to provide worldwide assault support to the 2d Marine Aircraft Wing (2d MAW). Our Squadron must be prepared to deploy at a moments notice in support of 2d MAW tasking and the global war on terrorism. Our Corps is known world wide as a force in readiness, America's 911; if our families are not ready ultimately we are not ready.

The importance our families play in the readiness of HMH-366 can never be over-emphasized. Our Commandant redefined the definition of family within our Corps. Today's Marine Corps' family is all encompassing; family is born into, sworn into and/or married into. Anyone a service member considers part of their support team is indeed a part of our Hammerhead family.

It is my goal for our families to be provided education, training, and mentoring. Family readiness equals mission readiness and keeping our families well informed and taken care of is a priority of mine.

Our most valuable resource is the Marine and their family. To learn more about our family readiness programs and volunteer opportunities or simply to remain in the know; contact our unit family readiness officer at (252)720-2038 or visit our website <http://www.marines.mil/unit/2ndMAW/mag29/hmh366/Pages/FamReadiness.aspx> Semper Fidelis!

A handwritten signature in black ink, appearing to read "H. Meadows III".
